SWPPP Preparer and Administrator Training

Water and Environmental Technologies (WET) is a full-service environmental and civil engineering consulting firm that also offers Stormwater Pollution Prevention Plan (SWPPP) preparer and administrator training.

Whether you need SWPPP certification training for the first time, or you need to renew your certification, WET has you covered. WET is an acknowledged training provider by the state of Montana.

WET SWPPP Preparer and Administrator Certification (First Time Admin Course)

This two-day course is for students who have never been certified as a SWPPP preparer and administrator or for those who let their certification lapse.

- Learn about the changes to the Construction General Permit (CGP).
- Review the responsibilities of a SWPPP administrator.
- Evaluate site pollutants and select appropriate best management practices (BMP).
- Receive certification after attending fourteen hours of training and passing the final examination.

A working knowledge of BMPs to manage stormwater on a construction site is a prerequisite.

Fee: \$250*

**All returning customers will be eligible for a 10% discount.*

Note: Effective January 1, 2019, MDEQ requires SWPPP Preparers to have valid certification.

WET SWPPP Preparer and Administrator Recertification

This one-day course is intended for students who already hold a SWPPP preparer and administrator certification and need to renew certification.

- Learn about the changes to the CGP.
- Review responsibilities of a SWPPP administrator, evaluate site pollutants and learn to select appropriate BMPs.
- Apply your knowledge to a real-world construction project.
- Receive certification, good for three years, after six hours of training.

Fee: \$150*

**All returning customers will be eligible for a 10% discount.*

Other WET SWPPP Training Options

Field Training

With field training, your crew will experience BMPs in a roll-up-your-sleeves, get-your-hands-dirty atmosphere. Students will work through real-world scenarios installing selected BMPs (e.g., silt fences, straw wattles, surface roughening, and others).

On-Site Training

If you have several employees who need the same SWPPP classroom training, let us come to you! Whether your crew needs to recertify or certify for the first time, we've got you covered. In this exclusive environment, students can discuss specific and real-world situations, without the hassle of travel. Contact us for a field or on-site training quote today!

Audit-Ready Binder

Order an audit-ready binder to keep your General Permit documents organized at waterenvtech.com/events/audit-ready-binder.

Fee: \$30

To learn more about our training or register, visit waterenvtech.com/swppptraining.
