## LAND AND CONSTRUCTION SURVEY SERVICES

Since its inception in 2000, Water & Environmental Technologies (WET) has grown from a highly specialized group of groundwater professionals into a full-service geoscience, environmental, and engineering consulting firm that offers land and construction survey services to our clients.

Our land surveying services include:

- Global Navigation Satellite System (GNSS) Static and Real-Time Kinetic (RTK) Surveys
- Geographic Information System (GIS) Surveys
- Property and Boundary Retracement Surveys
- Topographic and Mapping Control Surveys
- Subdivision Platting and Legal Descriptions
- Construction Surveys

To learn more about our land and construction survey services, visit [waterenvtech.com/survey](http://waterenvtech.com/survey).
